

The Stag Private Dining

This autumn, from early October we're launching a new Garden Dining Room for private & group dining.

Taking reservations now for November 1st and beyond, the Garden Room will be a new, totally enclosed space with a capacity of up to 40 people for private or group dining. Beautifully lit & heated we can't wait to launch this for your dining & private party needs going forward.

Ideal space for your Christmas party or a special event with friends & family. Just let us know your plans and we can assist with all your needs & questions. We have menus for both Christmas or a regular dining event.

The attached images are 'artist impressions' of the look & feel of our new space. We will be updating images as we complete the build.

The Stag is also available for larger groups and/or exclusive hire with a capacity of up to 200 people, please contact us directly with enquiries. thestag@londonpubs.com
